## Your hacked account will be used:

- \* To take over your other online accounts
- \* To purchase items at your expense
- \* To advertise illegal goods and services
- \* To distribute child exploitation images
- \* To auction off your videos and photos on the dark web
- \* To help launder money for criminal gangs
- \* To scam your friends, contacts and followers
- \* To sell all your private messages, contacts and data
- \* To impersonate you and carry out identity theft
- \* To send malicious hacking links to family & friends
- \* To blackmail you using your messages, videos & photos

## How do I stop this from happening to me?

- \* Always use long strong passwords (combine three random words)
- \* Make sure you use a different password for each account or site
- \* Enable two factor authentication (2FA/2SV) on every account
- \* Keep a separate backup of all your important data, videos and photos
- \* Never share your logon details and on-screen codes with anyone
- \* Never click links in unverified messages even if they look genuine
- \* Enable the auto update setting for your device and apps
- \* Forward suspicious text messages to 7726
- \* Report scams and cybercrime to [actionfraud.police.uk](mailto:actionfraud.police.uk)

# PLEASE HELP!

## CRIMINAL HACKERS

STEALING YOUR DATA SINCE 2014

[socialmediahacker@yahoo.com](mailto:socialmediahacker@yahoo.com)

Hacking into email & social media accounts like yours has always been very lucrative for us.

To make sure we can easily hack your online accounts please continue doing the following:

- ☠ Use weak passwords less than 12 characters long
- ☠ Use the same password for every account
- ☠ Never ever enable two factor authentication
- ☠ Ignore all those device and app update alerts
- ☠ Share your logon details with anyone who asks
- ☠ Click on all those suspicious links we send you
- ☠ Do not turn this leaflet over
